Dear Dr. Blakemore:

SUBJECT: DOE CASE NO: S-104,776 - DISCLOSURE NO: 006097-P022
DOE CASE NO: S-104,777 - DISCLOSURE NO: 006097-P017
UNDER NREL SUBCONTRACT NO: ZAM-7-13320-26
UNDER PRIME CONTRACT DE-AC36-83CH10093

Thank you for the copies of the above-identified patent applications that were filed in the United States Patent and Trademark Office. The above DOE docket numbers have been assigned to the applications and needs to be referred to in all future correspondence. Accordingly, the effective date for the implementation of the advance waiver, W(A) 97-029 -CH-0930 is April 27, 2004. We remind you that the patent provisions of the contract require with some limited exceptions:

1. that you notify us of any decision not to continue to prosecute a patent application on the invention in any country and that the Government has certain rights of ownership in such applications;
2. that you include within the specification of the U.S. patent application the following statement:

"This Invention was made with Government support under NREL Subcontract No. ZAM-7-13320-26, Prime Contract DE-AC36-83CH10093 awarded by the Department of Energy. The government has certain rights in this invention.";

3. that you complete and execute the enclosed confirmatory license for each U.S. patent application filed on the above invention. The completed and executed confirmatory license is to be forwarded in duplicate to this office for approval and recording in the United States Patent and Trademark Office, and;
4. that you provide us with a copy of the issued patent when granted.

Dr. Ralph Blakemore
